Why is my child's Go4Schools attendance lower than it should be?

Your child's attendance may appear lower than it actually is on Go4Schools due to the Welsh Government's coding system for the 3rd & 4th Sept when only partial year groups were present in school. This will appear as an authorised absence on your child's attendance.

Cefnogi Plant a Phobl Ifanc

Yn ogystal â meddwl am blant neu bobl ifanc yn eich gofal, mae'n bwysig gofalu am eich iechyd meddwl a'ch lles chi. Pan mae rhieni a gofalwyr yn ymdrin â sefyllfa'n dawel a hyderus, gallant roi'r cymorth gorau i'w plant a phobl ifanc.

Gweithredoedd allweddol i gefnogi iechyd a lles meddwl eich plentyn neu berson ifanc:

- Gwrando ar a chydnabod eu pryderon**—byddwch yn ymwybodol o unrhyw newidiadau yn eu hymddygiad, maent yn dibynnu arnoch chi i ddehongli eu teimladau.

Mae <https://mindedforfamilies.org.uk/> yn adnodd addysgol am ddim ar-lein ar iechyd meddwl plant a phobl ifanc i oedolion i gyd, a gall gefnogi rhieni a gofalwyr yn yr amgylchiadau eithriadol hyn.

Rhowch wybodaeth glir am y sefyllfa—un o'r ffyrdd gorau i helpu eich plentyn i deimlo'n ddiogel yw trwy siarad yn agored am yr hyn sy'n digwydd a rhoi atebion onest i unrhyw gwestiwn, a defnyddio geiriau ac esboniadau y gallant eu deall.

Gall Canllaw'r Plant i Goronafeirws - Children's Guide to Coronavirus

<https://www.childrenscommissioner.gov.uk/wp-content/uploads/2020/03/cco-childrens-guide-to-coronavirus.pdf> eich helpu i roi gwybodaeth glir a phriodol.

- Byddwch yn ymwybodol o'ch adweithiau chi**—ceisiwch aros yn ddigynnwrf, siaradwch yn garedig, ac atebwch unrhyw gwestiwn yn onest.

Supporting Children and Young People

As well as thinking about children or young people in your care, it is important to take care of your own mental health and wellbeing. When parents and carers deal with a situation calmly and confidently, they can provide the best support for their children and young people.

Key actions to supporting your child or young person's mental health and wellbeing:

- **Listen to and acknowledge their concerns**—look out for any changes in their behavior, they rely on you to interpret their feelings.

<https://mindedforfamilies.org.uk/> is a free online educational resource on children and young people's mental health for all adults, which can support parents and carers through these exceptional circumstances.

- **Provide clear information about the situation**—one of the best ways to help your child feel safe is by talking openly about what is happening and providing honest answers to any questions, using words and explanations that they can understand.

The Children's Guide to Coronavirus <https://www.childrenscommissioner.gov.uk/wp-content/uploads/2020/03/cco-childrens-guide-to-coronavirus.pdf> may help you provide clear and appropriate information.

- **Be aware of your own reactions**—try and remain calm, speak kindly, and answer any questions honestly.

For further information on how to look after your own mental wellbeing during the pandemic, see the guidance on how to look after your own mental health:
<https://www.gov.uk/government/publications/covid-19-guidance-for-the-public-on-mental-health-and-wellbeing>.

Cefnogi Plant a Phobl Ifanc

- Cysylltwch yn rheolaidd** — oes oes rhaid i chi a'ch plant fod mewn lleoliadau gwahanol i'r arfer, gwnewch yn siŵr eich bod yn dal i gysylltu'n rheolaidd ac yn fynych trwy ffonio neu alwadau fideo. Ceisiwch helpu eich plentyn i ddeall pa drefniadau a wneir ar ei gyfer a pham, mewn termau syml.
- Cefnogi ffyrdd diogel i blant a phobl ifanc gysylltu â'u ffrindiau** — a chadw at bellter cymdeithasol; os nad yw hynny'n bosibl gallant gysylltu ar-lein neu drwy ffonio neu alwadau fideo.

I gael rhagor o gyngor ar helpu eich plentyn i aros yn ddiogel ar-lein children, gweler y canllaw hwn ar aros yn ddiogel ar-lein yn ystod pandemig coronafeirws (COVID-19) trwy ddefnyddio: <https://www.gov.uk/guidance/covid-19-staying-safe-online#parents>

- Cynnal trefn arferol** — mae trefn arferol yn rhoi i blant a phobl ifanc deimlad cynyddol o ddiogelwch yng nghyd-destun ansicrwydd, felly meddyliwch sut y gallwch ddatblygu tren arferol newydd, hyd yn oed yn y cyfnod newidiol hwn. Ceisiwch gael cynllun am bod diwrnod, ac am yr wythnos. Gwnewch yn siŵr bod yna amser i ddysgu, chwarae ac ymlacio. Anogwch gydbwysedd amser ar-lein ac all-lein. Cadwch at amser gwely rheolaidd.

Wyddech chi?

Gall plant yn eu harddegau sydd â pherthnasoedd sefydlog, ymddiriedus ac agored gyda'u rhieni ddatblygu annibyniaeth a thyfu i fod yn oedolion cyfrifol.

Maent hefyd yn fwy tebyg o fod yn llwyddiannus wrth drafod sefyllfa oedd anodd fel ysmygu, alcohol a defnyddio cyffuriau eraill, a gweithgaredd rhywiol.

Supporting Children and Young People

- **Connect regularly**—if it is necessary for you and your children to be in different locations to normal, make sure you still have regular and frequent contact via phone or video calls. Try to help your child understand what arrangements are being made for them and why, in simple terms.
- **Support safe ways for children and young people to connect with their friends**— maintain social distancing; if that isn't possible they can connect online or via phone or video calls.

For more advice on helping your children stay safe online, see this guidance on staying safe online during the coronavirus (COVID-19) pandemic using:

<https://www.gov.uk/guidance/covid-19-staying-safe-online#parents>

- **Maintain a routine**— routine gives a child and young people an increased feeling of safety in the context of uncertainty, so think about how to develop a new routine, even within these changing times. Try to have a plan for each day, and for the week. Ensure there is time for learning, playing and relaxing. Encourage a balance of time on and off line. Keep regular bedtimes.

Did You Know?

Teenagers who have stable, trusting and open relationships with their parents are better equipped to develop independence and grow into responsible adults. They're also more likely to be successful at handling risky situations like smoking, alcohol and other drug use, and sexual activity.

Perthnasoedd cadarnhaol ac aros mewn cyswllt

Mewn lencyndod mae rhieni a phlant yn aml yn dechrau treulio mwy o amser ar wahân. Mae'n naturiol i blant yn eu harddegau i archwilio perthnasoedd gyda ffrindiau a phobl eraill y tu allan i'w teuluoedd. Ond **mae eich plentyn yn dal i fod ag angen perthynas cryf gyda chi** i deimlo'n saff a diogel wrth iddynt wynebu heriau llencyndod.

Mae aros mewn cysylltiad gyda'ch plentyn yn ei arddegau'n ymwneud ag **adeiladu agosatrwydd** yn eich perthynas trwy fod ar gael ac yn yamtebol i'ch plentyn.

Gall y cyswllt fod yn achlysurol, sy'n ymwneud â defnyddio rhyngweithiadau dyddiol mynch er mwyn adeiladu agosatrwydd. Neu gellir cynllunio'r cyswllt – sef pan rydych yn amserlennu adeg i wneud pethau gyda'ch gilydd sy'n rhoi pleser i'r ddau ohonoch.

Os ydych yn aros mewn cyswllt gyda'ch plentyn, byddwch mewn safle da i gydio mewn unrhyw broblem y gall eich plentyn eu cael. Hefyd, bydd eich plentyn yn fwy tebyg o ddod â'u problemau atoch.

Cyswllt achlysurol gyda'ch plentyn

Mae cyswllt achlysurol yn ffordd o ddefnyddio rhyngweithiadau bob dydd i adeiladu agosatrwydd a pherthnasoedd cadarnhaol. Daw'r cyfleoedd gorau ar gyfer cyswllt achlysurol pan mae eich plentyn yn dechrau sgwrs gyda chi – mae hyn fel arfer yn meddwl eu bod mewn hwyl i siarad.

Awgrymiadau ar gyfer cyswllt achlysurol:

- Stopiwrch beth rydych yn ei wneud a chanolbwytwrch ar y funud. Rhowch eich sylw llwyr i'ch plentyn, am ychydig funudau hyd yn oed. Mae cysylltu'n gweithio orau pan rydych yn anfod yn neges hynny y funud honno, mai eich plentyn yw'r peth pwysicaf i chi.
- Edrychwch ar eich plentyn pan maent yn siarad â chi. Mae hyn yn rhoi'r neges bod yr hyn maent yn ei ddweud wrthych yn bwysig i chi.
- Dangoswch ddiddordeb. Anogwch eich plentyn i ymhelaethu ar yr hyn maent yn ei ddweud, ac archwilio eu safbwytiau, barn, teimladau, disgwyliadau neu gynlluniau.
- Gwrandewch heb farnu na chywiro. Eich nod yw bod gyda'ch plentyn, nid i roi cyngor na help oni bai ei fod yn gofyn amdano.
- Byddwch yno – er enghraifft, gallech fod yn y gegin pan mae eich plentyn yn ei ystafell wely. Mae plant yn eu harddegau'n cael budd o wybod eich bod ar gael.
- Gallwch hefyd geisio'n weithredol creu cyfleoedd ar gyfer cyswllt achlysurol, ond peidiwch â gwthio pethau os nad yw eich plentyn am siarad. Gall ceisio gorfodi sgwrs arwain at wrthdar a gadael y ddau ohonoch ar eich gwaeth.

Staying connected: you and your teenage child

Positive relationships and staying connected

In adolescence parents and children often begin to spend more time apart. It's natural for teenagers to explore relationships with friends and other people outside their families. But **your child still needs a strong relationship with you** to feel safe and secure as they meet the challenges of adolescence.

Staying connected with your teenage child is about **building closeness** in your relationship by being available and responsive to your child.

Connecting can be casual, which involves using frequent everyday interactions to build closeness. Or connecting can be planned – this is when you schedule time to do things together that you both enjoy.

If you stay connected with your child, you'll be in a good position to pick up on any problems that your child might be having. Your child is also more likely to come to you with problems.

Casual connecting with your child

Casual connecting is a way of using everyday interactions to build closeness and positive relationships. The best opportunities for casual connecting are when your child starts a conversation with you – this generally means they are in the mood to talk.

Tips for casual connecting:

- Stop what you're doing and focus on the moment. Even for just a few seconds, give your child your full attention. Connecting works best when you send the message that right now, your child is the most important thing to you.
- Look at your child while they're talking to you. Really listen to what they are saying. This sends the message that what they say is important to you.
- Show interest. Encourage your child to expand on what they are saying, and explore their views, opinions, feelings, expectations or plans.
- Listen without judging or correcting. Your aim is to be with your child, not to give advice or help unless they ask for it.
- Just be there – for example, you might be in the kitchen when your child is in their bedroom. Teenagers benefit just from knowing that you're available.
- You can also actively try to create opportunities for casual connecting, but don't push it if your child doesn't want to talk. Trying to force a conversation can lead to conflict and leave the two of you worse off.

Aros mewn cyswllt: chi a'ch plewntyn yn ei ardddegau **Cyswllt cynlluniedeg gyda'ch plentyn**

Mae hyn yn ymneud ag amserlennu amser i wneud pethau gyda'ch plentyn mae'r ddau ohonoch yn eu mwynhau. Mae bywydau prysur a mwy o amser ar wahân ei wneud yn anodd i dreulio amser hwylig gyda'ch gilydd. Dyna pam y mae'n rhaid ei gynllunio. Nid yw plant yn eu harddegau bob amser yn frwydrfydig ynglŷn â threulio amser gyda'u rhieni, ond mae'n wrth mynnu eu bod yn gwneud hynny – weithiau o leiaf.

Awgrymiadau ar gyfer cyswllt cynlluniedig

- Amserlennwch amser gyda'ch gilydd. Rhaid i chi ffeindio amser sy'n addas i'r ddau ohonoch.
- Gadewch i'ch plentyn ddewis beth fyddwch yn ei wneud, a dilynwch eu harweiniad. Bydd hyn yn eu symbylu i eisiau treulio amser gyda chi.
- Canolbwytchiwch ar fwynhau cwmni eich plentyn. Ceisiwch fod yn bartner brwd frydig a chydweithredu'n weithredol yn yr hyn y mae eich plentyn yn ei wneud – mae'r gweithgaredd ei hun yn llai pwysig na rhannu hwyl a siarad gyda'ch plentyn.
- Ceisiwch fod yn positif ac aros felly. Ar y dechrau, efallai na fydd eich plentyn mor awyddus â chi i gymryd rhan yn y gweithgareddau hyn, ond peidiwch ag ildio. Cadwch adegau cynlluniedig yn fyr i ddechrau, a bydd eich plentyn yn dod fwynhau'r amser hwn gvdwa chi.

Goresgyn rhwystrau i gysylltu

Gall manteisio i'r eithaf ar gyfleoedd bob dydd i gysylltu – fel sgwrsio wrth yrru – eich helpu i oresgyn y rhwystr hwn. Os yw eich plentyn yn amharod i drwilio amser cynlluneidig gyda chi, rhowch gynnig ar y canlynol:

- Cadwch bethau'n fyr i ddechrau – rhowch gynnig ar baned o goffi mewn hoff gaffi ar ôl ysgol, er enghraifft.
- Gadewch i'ch plentyn ddewis y gweithgaredd – hyd yn oed os bydd rhaid i chi eistedd trwy gomedi rhamantaidd neu ffim antur i'r ardddegau!
- Peidiwch ag ildio – gall gymryd ychydig o amser ond po fwyaf yw'r amser rydych yn ei dreulio gyda'ch gilydd, y mwyaf y gall y ddau ohonoch ymlacio iddo.
- Gallech chi a'ch plentyn deimlo'n agosach os ydych yn manteisio i'r eithaf ar sgyrsiau achlysurol yn ystod y dydd. Mae pob sgwrs fach yn gyfle i wrando a siarad mewn modd ymlaciol, cadarnhaol.
- Os ydych yn garedig ac yn ystyriol gyda'ch plentyn, gall hyn helpu i greu ewyllys da a theimladau cadarnhaol. Yn aml, mae pethau syml yn gwneud gwahaniaeth mawr – er enghraifft, dweud plîs, rhoi cwtsh, pat ar y cefn, curo'r drws cyn mynd mewn i ystafell wely, coginio hoff bryd bwyd, rhoi trît neu weithgareddau hwylig fel sypreis.

A phan rydych yn teimlo mai chi yw'r unig un sy'n gwneud y gwaith i gyd, ceisiwch gofio bod y cyfnod hwn yn mynd heibio fel arfer.

Planned connecting with your child

This involves scheduling time to do things with your child that you both enjoy. Busy lives and more time apart can make it difficult to spend fun time together. That's why you need to plan it. Teenagers aren't always enthusiastic about spending time with their parents, but it's worth insisting that they do – at least sometimes.

Tips for planned connecting

- Schedule time together. You need to find a time that suits you both.
- Let your child choose what you'll do, and follow their lead. This will motivate them to want to spend time with you.
- Concentrate on enjoying your child's company. Try to be an enthusiastic partner and actively cooperate with what your child is doing – the activity itself is less important than shared fun and talking with your child.
- Keep trying and stay positive. At first, your child might not be as keen as you to take part in these activities, but don't give up. Keep planned times brief to begin with, and your child will come to enjoy this time with you.

Overcoming obstacles to connecting

Making the most of everyday opportunities to connect – like chatting while you're driving – can help you get over this hurdle. If your child is reluctant to spend scheduled time with you, you could try the following:

- Keep it brief to begin with – try a cup of coffee at a favourite café after school, for example.
- Let your child choose the activity – even if you do have to sit through a teenage romantic comedy or action movie!
- Don't give up – it might take a little while but the more time you spend together, the more you can both relax into it.
- You and your child might feel closer if you make the most of casual conversations during the day. Every little chat is an opportunity to listen and talk in a relaxed, positive way.
- If you're kind and considerate with your child, this can help create goodwill and positive feelings. Often, simple things make a big difference – for example, saying please, giving hugs, pats on the back, knocking before entering a bedroom, cooking a favourite meal, providing treats or surprise fun activities.

And when you feel like you're the one doing all the work, try to remember that this phase will usually pass.

Datblygiad yr Ymennydd: plant yn eu harddegau

Wyddech chi?

Ydych chi wedi sylwi bod meddwl ac ymddygiad eich plentyn weithiau'n ymddangos yn eithaf aeddfed, ond ar adegau eraill mae eich plentyn fel petai'n ymddwyn neu'n meddwl mewn ffyrdd afresymegol, byrbwyll neu emosiynol? Mae datblygiad cefn i flaen yr ymennydd yn esbonio'r shifftiau a newidiadau hyn – mae plant yn eu harddegau'n gweithio gyda'u hymennydd yn dal i gael eu hadeiladu.

Datblygiad ymennydd plentyn yn ei arddegau: y pethau sylfaenol

Mae hyrddiad twf anferth yn digwydd ym ymennydd plant pan maent yn ifanc iawn. Erbyn iddynt gyrraedd chwe mlwydd oed, mae'r ymennydd eisoes tua 90-95% o faint oedolion. Mae'r blynnyddoedd cynnar yn amser allweddol i ddatblygiad yr ymennydd, ond mae angen llawer o aifodelu o hyd ar yr ymennydd cyn y gall weithredu fel ymennydd oedolion.

Mae'r aifodelu hyn i'r ymennydd yn digwydd yn ddwys yn ystod llencyndod, ac yn para nes bod eich plentyn yng nghanol eu 20au. Mae newid i'r ymennydd yn dibynnu ar oed, profiad a newidiadau hormonaidd glasoed.

Tu fewn i ymennydd plentyn yn ei arddegau

Mae llencyndod yn gyfnod o dwf a datblygiad arwyddocaol yn ymennydd plentyn yn ei arddegau.

Y prif newid yw bod cysylltiadau diddefnydd yn rhan meddwl a phrosesu ymennydd eich plentyn (a elwir caiff cysylltiadau eraill eu cryfhau. Dyma ddull yr ymennydd o fod yn fwy effeithiol, yn seiliedig ar yr egwyddor 'defnyddiwrch e neu gollwrch e'.

Mae'r broses docio'n dechrau yng nghefn yr ymennydd. Yr olaf i gael ei aifodelu yw rhan blaen yr ymennydd, y cortecs cyndalcennol. Y cortecs cyndalcennol yw rhan yr ymennydd sy'n gwneud penderfyniadau, mae'n gyfrifol am allu eich plentyn i gynllunio a meddwl am ganlyniadau gweithredoedd, datreys problemau a rheoli ysgogiadau. Mae newidiadau i'r rhan hwn o'r ymennydd yn para i oedolaeth cynnar.

Am fod y cortecs cyndalcennol yn dfal i ddatblygu, gallai plant yn eu harddegau ddibynnu'n fwy nag oedolion ar ran o'r ymennydd o'r enw **amygdala** i wneud penderfyniadau a datrys problemau. Mae'r amygdala'n gysylltiedig ag emosiynau, ysgogiadau, ymladdgarwch ac ymddygiad greddfol.

Brain development: teenagers

Did You Know?

Have you noticed that sometimes your child's thinking and behaviour seems quite mature, but at other times your child seems to behave or think in illogical, impulsive or emotional ways? The back-to-front development of the brain explains these shifts and changes – teenagers are working with brains that are still under construction.

Teenage brain development: the basics

Children's brains have a massive growth spurt when they're very young. By the time they're six, their brains are already about 90-95% of adult size. The early years are a critical time for brain development, but the brain still needs a lot of remodelling before it can function as an adult brain.

This brain remodelling happens intensively during adolescence, continuing until your child is in their mid-20s. Brain change depends on age, experience and hormonal changes in puberty.

Inside the teenage brain

Adolescence is a time of significant growth and development inside the teenage brain.

The main change is that unused connections in the thinking and processing part of your child's brain (called the grey matter) are '**pruned**' away. At the same time, other connections are strengthened. This is the brain's way of becoming more efficient, based on the 'use it or lose it' principle.

This pruning process begins in the back of the brain. The front part of the brain, the prefrontal cortex, is remodelled last. The prefrontal cortex is the decision-making part of the brain, responsible for your child's ability to plan and think about the consequences of actions, solve problems and control impulses. Changes in this part of the brain continue into early adulthood. Because the prefrontal cortex is still developing, teenagers might rely on a part of the brain called the **amygdala** to make decisions and solve problems more than adults do. The amygdala is associated with emotions, impulses, aggression and instinctive behaviour.

Datblygiad yr Ymennydd: plant yn eu harddegau

Adeiladu ymennydd iach yn yr arddegau

Mae'r cyfuniad o ymennydd unigryw eich plentyn a'r amgylchedd yn dylanwadau sut mae eich plentyn yn gweithredu, meddwl a theimlo. Er enghraifft, gallai gweithgareddau a sgiliau ffafredig eich plentyn gael eu 'sodro' yn yr ymennydd.

Mae sut mae plant yn eu harddegau'n treulio eu hamser yn hanfodol i ddatblygiad yr ymennydd. Felly, mae'n werth meddwl am amrediad y gweithgareddau y mae eich plentyn yn ymwneud â hwy – cerddoriaeth, chwaraeon, astudio, ieithoedd, gemau fideo. Sut mae'r rhain yn ffurio'r math o ymennydd fydd gan eich plentyn mewn oedolaeth?

Rydych yn rhan bwysig o amgylchedd eich plentyn. Bydd sut rydych yn llywio a dylanwadu ar eich plentyn yn bwysig i helpu eich plentyn i adeiladu ymennydd iach hefyd.

Gallwch wneud hyn trwy:

- annog ymddygiad cadarnhaol
- hyrwyddo sgiliau meddwl da
- helpu eich plentyn i gael digon o gwsg.

Cwsg a Datblygiad Ymennydd Plant yn eu Harddegau

Yn ystod llencyndod, mae patrymau cwsg yn newid oherwydd newidiadau hormonaidd yn yr ymennydd. Ond mae dal i fod angen digon o gwsg ar blant ar gyfer eu hiechyd a datblygiad cyffredinol, yn cynnwys datblygiad yr ymennydd.

Gall yr awgrymiadau hyn helpu eich plentyn i gael y cwsg sydd ei angen arnynt:

- Gwnewch yn siŵr bod gan eich plentyn amgylchedd cysurus a thawel i gysgu.
- Anogwch 'dadweindio' cyn mynd i'r gwely, i ffwrdd o sgriniau yn cynnwys ffonau.
- Anogwch eich plentyn i fynd i'r gwely a deffro ar adegau rheolaidd bob dydd.
- Anogwch eich plentyn i gael **8-10 awr o gwsg** bob nos.

Wyddech chi?

Mae plant yn eu harddegau'n frwd frydig am eu diddordebau, yn arbennig y rheiny sy'n rhoi cyfle iddynt gymdeithasu. Gallwch helpu eich plentyn i ddatblygu sgiliau a hyder trwy gefnogi diddordebau, gweithgareddau a hobiau eich plentyn.

Brain development: teenagers

Building a healthy teenage brain

The combination of your child's unique brain and environment influences the way your child acts, thinks and feels. For example, your child's preferred activities and skills might become 'hard-wired' in the brain.

How teenagers spend their time is crucial to brain development. So it's worth thinking about the range of activities and experiences your child is into – music, sports, study, languages, video games. How are these shaping the sort of brain your child will take into adulthood?

You're an important part of your child's environment. How you guide and influence your child will be important in helping your child to build a healthy brain too.

You can do this by:

- encouraging positive behaviour
- promoting good thinking skills
- helping your child get plenty of sleep.

Sleep and teenage brain development

During adolescence, sleep patterns change because of hormonal changes in the brain. But children still need plenty of sleep for their overall health and development, including their brain development.

These tips can help your child get the sleep they need:

- Ensure your child has a comfortable, quiet sleep environment.
- Encourage 'winding down' before bed, away from screens including phones.
- Encourage your child to go to bed and wake up at regular times each day.
- Encourage your child to get **8-10 hours of sleep** each night.

Did You Know?

Teenagers are often passionate about their interests, especially ones that give them opportunities to socialise. You can help your child develop skills and confidence by supporting your child's interests, activities and hobbies.

Datblygiad yr Ymennydd: plant yn eu harddegau

Strategaethau ymddygiad i ddatblygiad ymennydd plant yn eu harddegau

Pan mae ymennydd eich plentyn yn datblygu, gallai eich plentyn:

- ddewis gweithgareddau risg uchel neu ymddygiad mentrus
- fynegi mwy o emosiynau a rhai cryfach
- gwneud penderfyniadau byrbwyl.

Dyma rai awgrymiadau ar gyfer annog ymddygiad da a chryfhau cysylltiadau cadarnhaol yr ymennydd :

Gadewch i'ch plentyn
gymryd rhai risgau iach.
Mae profiadau newydd a
gwahanol yn helpu eich
plentyn i ddatblygu
hunaniaeth annibynnol,
archwilio ymddygiad yr
oedolyn, a symud tuag at
annibyniaeth.

Rhowch ganmoliaeth a
gwobrwyon
cadarnhaol yn fynych
am ymddygiad
dymunol. Mae hyn yn
atgyfnherthu llwybrau
yn ymennydd eich
plentyn.

Pwysleisiwch
ganlyniadau
tymor hir a di-
oed y
gweithredoedd.

Siaradwch am benderfyniadau
fesul cam gyda'ch plentyn.
Gofynnwch am gyrsiau
gweithredu posibl y gallai eich
plentyn ei ddewis, a siaradwch
trwy ganlyniadau posibl.
Anogwch eich plentyn i
gloriannu'n canlyniadau neu
wobrywon yn erbyn y rhai
negyddol.

Rhowch ffiniau a
chyleoedd i'r rheiny
sy'n nego'd i'r ffiniau
hynny. Mae pobl ifanc
angen i'w rhieni ac
oedolion eraill osod
terfynau.

Anogwch empathi.
Siaradwch am deimladau –
eich rhai chi, rhai eich
plentyn a phobl eraill.
Amlygwch y ffaith bod gan
bobl eraill berspectifau ac
amgylchiadau gwahanol.
Atgyfnherthwch y gall un
weithred effeithio ar lawer
o bobl.

Behaviour strategies for teenage brain development

While your child's brain is developing, your child might:

- choose high-risk activities or risky behaviour
- express more and stronger emotions
- make impulsive decisions.

Here are some tips for encouraging good behaviour and strengthening positive brain connections:

Let your child take some healthy risks. New and different experiences help your child develop an independent identity, explore grown-up behaviour, and move towards independence.

Offer frequent praise and positive rewards for desired behaviour. This reinforces pathways in your child's brain.

Emphasise the immediate and long-term consequences of actions.

Provide boundaries and opportunities for negotiating those boundaries. Young people need guidance and limit-setting from their parents and other adults.

Talk through decisions step by step with your child. Ask about possible courses of action your child might choose, and talk through potential consequences. Encourage your child to weigh up positive consequences or rewards against negative ones.

Encourage empathy. Talk about feelings – yours, your child's and other people's. Highlight the fact that other people have different perspectives and circumstances. Reinforce that many people can be affected by one action.

Sut alla'i gefnogi fy mhlentyn os nad wyf yn siarad Cymraeg

How can I support my child if I don't speak Welsh?

Ein prif neges yw peidiwch â phoeni os na fedrwch siarad Cymraeg gyda'ch plant – gallwch wneud sawl peth i helpu eich plant i siarad a defnyddio'r iaith. Rydym am sicrhau bod y dysgwyr i gyd, beth bynnag yw cyfrwng eu haddysg, yn gallu parhau i ddatblygu a defnyddio'r iaith.

Pe baech yn annog eich plent i ddefnyddio'r Gymraeg wrth siarad â ffrindiau, bridy'r neu chwiorydd neu aelodau eraill y teulu sy'n medru siarad Cymraeg, bydd yn eu helpu i gynnal eu sgiliau.

Mewn sawl ardal o Gymru, i yn cynnwys Powys, mae mwyafrif helaeth y plant sydd mewn grwpiau meithrin ac ysgolion cyfrwng Cymraeg ddwyieithog yn dod o gartrefi di-Gymraeg. Fel rhiant, tyrr i'ch plant yw eu hannog ei roi canmol.

Mae'r staff addysgu'n brofiadaol mewn cefnogi disgblion a rhieni. Bydd athrawon eich pentyn yn hapus tu hwnt i'ch helpu chi gyda gwaith cartref eich plentyn. Ond, dengys ymchwil bod gan blant sy'n gorfol cyfieithu tasg ar gyfer eu rhieni dealltwriaeth well o'r pwnc, am fod y broses o gyfieithu mewn gwirionedd yn atgyfnerthu'r pwnc ym meddwl y plentyn.

Gallwch hefyd helpu eich plant drwy eu hannog i ymwneud â gweithgareddau sydd ar gael trwy'r cyfryngau gwahanol, e.e. gwrando ar gerddoriaeth Cymraeg, lawrlwytho apiau cyfrwng Cymraeg, gwylio rhagleni teledu Cymraeg, defnyddio cyfryngau cymdeithasol, e.e. Facebook a Twitter yn y Gymraeg. Y peth pwysig yw bod eich plant mewn cysylltiad â'r iaith mor aml â phosibl.

A Wyddoch Chi? Did You Know?

Yn groes i'r gred gyffredin, mae addysg cyfrwng Cymraeg yn effeithio'n gadarnhaol ar Saesneg y disygl a'r nod syml yw galluogi plant i fod yn gwbl rhugl a hyderus yn y Saesneg a'r Gymraeg. How can I support my child if I don't speak Welsh?

Our key message is don't worry if you can't speak Welsh with your children – there is a lot you can do to help your children speak and use the language. We want to ensure that all learners, regardless of the medium of their education, can continue to develop and use the language.

If you can encourage your children to use Welsh when speaking to friends, brothers or sisters or other family members who can speak Welsh, then it will help them maintain their skills.

In many areas of Wales, including Powys, the vast majority of children in Welsh-medium or bilingual nursery groups and schools come from non-Welsh-speaking homes. As a parent, the biggest help you can give your child is to encourage and praise them.

The teaching staff are experienced in supporting both pupils and parents. Your child's teachers will be more than happy to help you with your child's homework. However, research has shown that children who have to translate a task for their parents get a better understanding of the subject, as the process of translation actually reinforces the subject in the child's mind.

You can also help your children by encouraging them to engage in activities available through various media, e.g. listening to Welsh-language music, downloading Welsh-language apps, watching Welsh-language television programmes, using social media, e.g. Facebook and Twitter in Welsh. The important thing is that your children have contact with the language as often as possible.

A Wyddoch Chi? Did You Know?

Contrary to popular belief, Welsh-medium education has a positive effect on the pupil's English and the simple aim is enable children to become fully fluent and confident in both English and Welsh. You can find further information and links to organisations providing activities for children and young people in Welsh on [Hwb](#).

Fel y mae'n anodd gwybod sut i gyflawni cydbwysedd rhwng cynnig gormod o gymorth i'ch plentyn (a chael eich cyhuddo eich bod yn ffysan) a'u gadael i ymbalfalu a methu efallai, mae'r un mor anodd cyflawni cydbwysedd rhwng bod yn 'rhiant gorbryderus' a gadael i bethau fynd ymlaen yn rhy hir am nad ydych am ymyrryd.

Mae'n waith llawer haws os ydych yn dal i siarad â'ch plentyn ynglŷn â sut mae pethau yn yr ysgol. Chi sy'n adnabod eich plentyn orau, ac os yw unrhyw agwedd o fywyd yr ysgol yn peri gofid parhaol mae'n debyg mai'r peth gorau fyddai ymryyd yn gynnar trwy gysylltu â ni yn yr ysgol.

Rydyn ni wedi creu rhestr e-byst athrawon a staff er mwyn i chi gysylltu'n hawdd â'r aelod o staff mwyaf priodol.

Just as it is hard to know how to achieve the balance between offering your child too much support (and being accused of fussing) and leaving them to flounder and perhaps fail, it is also hard to achieve the balance between becoming the 'over anxious parent' and letting things go on too long because you don't want to interfere.

The job is made much easier if you keep talking to your child about how things are at school. You know your children best, and if any aspect of school life is persistently distressing them it is probably best to err on the side of caution and intervene early by contacting us at the school.

We have created a comprehensive contact list so that your concerns can be directed to the most appropriate person.

Making the right choice Important points for learners So far, in your school career, you have studied more or less the same subjects each year, and everybody's timetable has looked more or less the same. Next year will be very different. Getting the best qualifications you can at the end of year 11 is really important so making the correct option choices that help you do this is vitally important.

Things to consider when choosing your options

1. What do you want to do after Year 11? a) Sixth Form? b) College? c) Apprenticeship?
2. It is best not to pick a subject you currently struggle with.
3. Do not pick a subject because you work well for that teacher. It may be a different teacher taking that subject in Years 10 and 11.
4. Do not choose subjects just because your friends have chosen them.
5. Are you more suited to GCSE or BTEC method of learning?
6. Do seek plenty of advice and ask lots of questions.

Important points for parents/carers

- Talk to your son/daughter about what their interests are.
- Find out what they would like to do in the future.
- Check that your son/daughter is choosing subjects for the right reasons.
- If in doubt about your son/daughter's option choices please visit www.careerswales.com – this is fantastic resource and all Year 9 learners will be using to research and start thinking about their futures after Year 11. You can also contact the relevant teacher.
- Try to encourage a variety in their choices – this will allow more choice at Post 16.
